The screenshot shows the ADEQ website's 'Air Quality Permitting | Compliance Assistance' page. The header features the ADEQ logo, a search bar, and a navigation menu with links: HOME, ABOUT, PERMIT AND COMPLIANCE ASSISTANCE, PROGRAMS, ONLINE SERVICES, MY COMMUNITY, RECORDS CENTER, and EMAPS. Below the navigation bar, there are icons for 'QUICK PAY' and 'my ADEQ'. The main content area includes a breadcrumb link '< RETURN TO COMPLIANCE ASSISTANCE', the page title 'Air Quality Permitting | Compliance Assistance', and a sub-header 'Air Quality Authorities in Arizona'. The text describes ADEQ's role in administering the Clean Air Act and state air quality rules, mentioning the Maricopa County Air Quality Department, Pinal County Air Quality Control District, and Pima County Department of Environmental Quality. It also lists contact resources for each county and EPA. A sidebar on the right contains a 'CONTACT' section with the Air Quality Permit Liaison's phone number (602-771-2338) and an email link, and a 'SEE MORE' section with links to the Compliance Handbook, Permit Information (including Air Curtain Incinerators, Concrete Batch Plants, Crushing and Screening, Hot Mix Asphalt, Soil Vapor Extraction Units, Class I, Class II, and Open Burn), and Reporting Information (Excess Emissions & Permit Deviations).

Air Quality Permitting | Compliance Assistance

Air Quality Authorities in Arizona

ADEQ works with three of Arizona's most populous counties to administer the provisions of the Clean Air Act and our state's air quality rules. The Maricopa County Air Quality Department, Pinal County Air Quality Control District and Pima County Department of Environmental Quality oversee permitting, inspections, and compliance and enforcement activities for air quality. ADEQ maintains oversight of county and state facilities within all other counties within Arizona, excluding tribal lands, for air quality related activities. EPA Region 9 is responsible for issuing air quality permits on tribal lands in Arizona except for Navajo Nation and Gila River Indian Community.
