Construction General Permit (CGP)

Agenda:

- Brief History of CGP
- Permit Area
- Eligibility
- Current State Group Brainstorm
- Your Participation

Construction General Permit (CGP)

History: AZ assumed NPDES Program in 2002; issued AZPDES CGP's in 2003; 2008; 2013; and 2020. Will reissue in 2025.

Permit Area: The State of Arizona, except on Tribal Lands

Eligibility:

- 1. A discharge of stormwater off-site to a protected surface water or a MS4; and
- 2. An earth disturbance of 1 acre or more (unless part of common plan).

Current State:

- 1. Read the Permit, Fact Sheet, Website.
- 2. Where is my site located?
- 3. Is my site eligible?

If YES, CGP is Required.

If NO, CGP is not required.

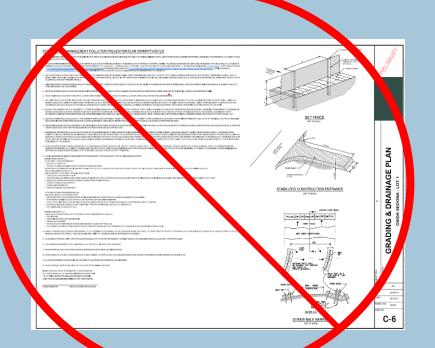

A Stormwater Pollution Prevention Plan "SWPPP"

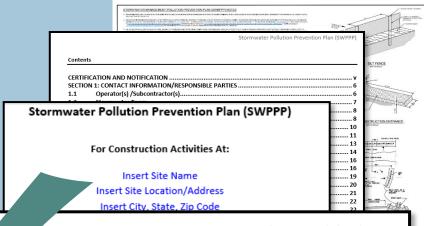

Must be prepared for every construction site.

A Stormwater Pollution Prevention Plan "SWPPP"

Must be prepared for every construction site.

Stormwater Pollution Prevention Plan (SWPPP)

Arizona Department of Environmental Quality Stormwater Construction General Permit Stormwater Pollution Prevention Plan Template

Introduction

The State of Arizona, Arizona Pollutant Discharge Elimination System (AZPDES), Construction General Permit (CGP), permit no. AZG2020-001 authorizes stormwater discharges from large and small construction activities to surface waters either directly or by conveyance, such as a Municipal Separate Storm Sewer System (MA4). The CGP Part 6 includes provisions for the development of this Storm Water Pollution Prevention Plan (SWPPP) to maximize the potential benefits of pollution prevention and sediment and erosion control measures at a construction site. All construction sites are required to prepare a SWPPP. However, an operator only has to submit a copy of the SWPPP for ADEQ review, pay the applicable SWPPP review fee (along with the NOI fee), if any of the following applies:

- Any portion of the construction site is located within 1/4 mile upstream of a receiving water listed as impaired under section 303(d) of the Clean Water Act.
- Any portion of the construction site is located within 1/4 mile upstream of a receiving water listed as a
 Outstanding Arizona Water (OAW) in A.A.C. R18-11-112(G).
- ADEQ specifically requests a copy of the site SWPPP be submitted for department review. This may occur
 as part of the NOI evaluation, at any time during permit coverage, in response to an inspection conducted
 by ADEQ, as part of the Notice of Termination (NOT), and for up to three years after the NOT is submitted.
- · A Change of Operator (COR) form is submitted as a result of bankruptcy/ foreclosure.

Apply for Coverage.

Water Quality

- AZPDES De Minimis General Permit (DMGP) NOI
- AZPDES Small Municipal Separate Storm Sewer System General Permit (MS4) Notice of Intent (NOI) New
- AZPDES Stormwater Construction General Permit (CGP) Notice of Intent (NOI), Erosivity Waiver or No Discharge Certificate (NDC)

A7DDEC Stormwater Multi-Sector Congral Parmit (MSCD) Motion of Intent (MOI) No Expecure Cartification (NEC) and No Dischar

No Discharge Certificate (NDC)

For sites that will not discharge to a protected surface water because there are control measures in place prior to the start of construction.

Erosivity Waiver

For sites that have a short time frame project, that is being performed during "dry season" and has an Erosivity value of 5 or less.

Notice of Intent (NOI)

For sites that discharge to a protected surface water and disturb 1 acre or more land. Requires a SWPPP prior to obtaining NOI.

When construction is complete and the site is 'final' stabilized, you must terminate coverage in myDEQ.

CGP Stakeholder Participation

Stakeholder Participation:

Now - Subscribe to email notifications;

July/August: Read draft permits; Attend in-person or online meetings; Provide comments.
