

The most EPIC environmental event of the Year Lumberjaxes Tempe-Oct. 27th 2022

One Full day of education and action as we reconvene for EPIC's 2nd Annual RemFest on October 27th, 2022. Come join us for the educational and entertainment event you've been waiting for. 9 rounds of awesome speakers followed by an after party like no other.

We will be hosting our traditional raffle/auction that generates revenues that are donated to our local environmental associations scholarship funds (EPAZ, AHS and SAEMS). The raffle event will be conducted by our very own Pat Sajak & Vanna White (aka Mike Hulst & Derek Koller 😊). If you recall, last year we generated about **\$2,400.00** and will be looking to top that number excessively.

This is a loaded one day event featuring top notch education complete with professional development hours (PDH). Don't miss your opportunity to be part of this growing event as we come together for an incredible 2/3 day of environmental education before dropping the pencils and picking up axes and a cold beverage.

Click below to see our tremendous lineup of speakers and be sure to register.
