JOB DESCRIPTION

2019 Summer Internship - Environmental Scientist - Multi-Location-1804619

Description

Qualified candidates may be selected for available internship opportunities in Arizona, Colorado, Connecticut, Iowa, New Jersey, New Mexico and Texas.

Under general supervision, provides technical support and guidance for environmental projects and programs at assigned site for the Environmental Department.

- Assists in the installation, operation, and maintenance of environmental and emission monitoring instruments and testing equipment necessary to determine air, land, or water pollution levels.
- Operates and monitors a wide variety of sampling and data gathering equipment.
- Assists in performing hazardous waste site inspections and collaborates in recommending appropriate action to management in compliance with regulations.
- Ensures proper labeling of solid waste and hazardous materials.
- Assists with the monitoring of solid waste such as drums, hazardous materials collection sites and reclamation sites.
- Maintains current knowledge of site environmental policies and procedures.
- Perform other duties as required.

Minimum Qualifications

- Full-time student currently enrolled at an accredited four-year university majoring in an appropriate Environmental Engineering discipline or closely related field. **OR**
- Recent college graduate having graduated within 12 months prior to internship start date with a degree in Environmental Engineering or closely related field
- Proficient in the use of Microsoft Office applications including Outlook, Word, Excel, and PowerPoint
- Possesses strong data analysis and problem solving skills
- Highly accurate and detail oriented
- Possesses strong verbal and written communication skills
- Demonstrates initiative, organizational skills and ability to work well under pressure
- Demonstrates ability to collaborate and work effectively in a team environment
- Must be able to demonstrate our core values of honesty, fairness, respect, trust, and integrity

Qualifications

Preferred

- None

Criteria/Conditions

- Ability to understand and apply verbal and written work and safety-related instructions and procedures given in English
- Ability to communicate in English with respect to job assignments, job procedures, and applicable safety standards
- Must be able to work in a potentially stressful environment
- Work is in an office, mine, or manufacturing plant setting, which may include exposure to extremes in temperature and humidity, moving mechanical parts, risk of electrical shock, toxic chemicals, explosives, fumes or airborne particles
- While performing the duties of this job, the employee is regularly required to stand, sit, demonstrate manual dexterity, climb stairs and ladders, work on elevated platforms, talk, hear and see

- Occasionally may be required to lift moderately heavy objects up to thirty (30) pounds during the course of the workday
- Personal protective equipment is required when performing work in a mine, outdoor, manufacturing or plant environment, including hard hat, hearing protection, safety glasses, safety footwear, and as needed, respirator, rubber steel-toe boots, protective clothing, gloves and any other protective equipment as required
- Freeport-McMoRan promotes a drug/ alcohol free work environment through the use of mandatory pre-employment drug testing and on-going random drug testing as per applicable state laws

Freeport-McMoRan has reviewed the jobs at its various office and operating sites and determined that many of these jobs require employees to perform essential job functions that pose a direct threat to the safety or health of the employees performing these tasks or others. Accordingly, the company has designated the following positions as safety-sensitive:

- Site-based positions, or positions which require unescorted access to site-based operational areas, which are held by employees who are required to receive MSHA, OSHA, DOT, HAZWOPER and/or Hazard Recognition Training; or
- Positions which are held by employees who operate equipment, machinery or motor vehicles in furtherance of performing the essential functions of their job duties, including operating motor vehicles while on company business or travel (for this purpose "motor vehicles" includes company owned or leased motor vehicles and personal motor vehicles used by employees in furtherance of company business or while on company travel); or
- Positions which Freeport-McMoRan has designated as safety sensitive positions in the applicable job or position description and which upon further review continue to be designated as safety-sensitive based on an individualized assessment of the actual duties performed by a specifically identified employee
